DECLARATION

This thesis is submitted as a requirement for the award of Master of Technology degree in the Computer Science and Engineering in the Department of Computer Science and Engineering. I declare that this written submission represents my ideas in my own words, and where others' ideas or words have been included, I have adequately cited and referenced the original sources. The research embodied in this thesis has not been submitted in part or full, to any other University or Institute for the award of any other degree or diploma before. I also declare that I have adhered to all principles of academic honesty and integrity and have not misrepresented or fabricated or falsified any idea/data/fact/source in my submission. I understand that any violation of the above will be a cause for disciplinary action by the Institute and can also evoke penal action from the sources that have thus not been properly cited, or from whom proper permission has not been taken when needed.
